PLAY BALL.

The first Base Ball game for the Grayling High School nine is scheduled for Friday when Roscommon will furnish the opposition. The Grayling battery will be McPhee and Wood while the visitors will probably use Culey in the box. Both teams are confident of victory so it is sure to be a fast game.

The Cubs lost their first game of the season when last Sunday they were defeated by the Giants who copped the H. S. pennant.

Both pitched good ball considering the weather and also the short time they have had in which to practice as the weather has been too cold to work out.

After nine innings of hard work the Giants came out on top by a score of 10 to 8. Some of the players had not played ball for a number of years, but gave a good account of themselves. Most of the players were lamed up as the result of the game and could just about get around the next day.

## HOSPITAL DAY WAS BIG SUCCESS

BALL GAME, DANCE AND EATS NET \$2,314.48.

School Children Contribute Handsome Advertising Banners.

Hospital day—Saturday, May 12, was a big day in Grayling. Right from the beginning the big idea of raising funds, took with a lot of enthusiasm. The people in general fell right into the project with a lot of vim and did things in the usual big Grayling way.

If there was a man, woman or child in Crawford county that did not know of the affair they must have been playing Rip Van Winkle and didn't wake up.

Besides the press publicity giving it, hundreds of handsome posters were made by school children. Prizes of \$1 each were offered for the best posters to each grade from the 4th to the High school, and almost every pupil in those rooms contributed. Such wording as "Grayling Mercy Hospital, Saturday, May 12—Fine Life Insurance," and other appropriate sentences were used. The posters were hand lettered and some had cut out letters pasted upon Bristol board.

The first prize went to Eric Rosenstand and second prize to L. D. Bowles and Russel Mitchell, who did the work together. The other prize winners were as follows:

6th grade—Mrs. Milnes, teacher—Margaret Fehr, prize \$1.00.

5th A and 6th B—Miss Secord, teacher—Grace Parker and Gerald Willett, \$1.00 each.

5th A and B—Miss Ashdon, teacher—Helen Leitz and Mabel Green, \$1.00 each.

4th A—Miss Kerrigan, teacher—L. D. Bowles and Russel Mitchell, \$1.00 and Loreta Sorenson, \$1.00.

4th A and B—Miss Fitzgerald, teacher—Jerome Kessler and Mabel Isenhauer.

Junior High—Ada Kidston and Edward Mason, \$1.00 each.

The judges were Supt. B. E. Smith, Mrs. O. P. Schumann and Miss Gnech.

The posters were placed in the several stores about town and attracted a lot of attention. The teachers and pupils are to be commended for their excellent efforts. Ada Kidston, one of prize winners gave her dollar to the hospital fund.

Mayor Canfield had declared Saturday afternoon a half holiday and by noon time the streets looked as tho a circus was in town. The band played several selections on Main street during the time the parade of autos was forming.

At 1:30 p. m. the auto parade appeared at the foot of Main street and passed thru the business section to Peninsular Ave. and on to Mercy hospital and returned to Main street by way of Chestnut street. Here the crowd dispersed, many of the cars going to the ball grounds.

The parade was headed by John Braun, marshal of the day and Vincent Grandjean, each mounted upon a handsome bay saddle horse. They certainly made a handsome appearance and their steed seemed to sense the fact that they were on exhibition and carried themselves with a proud air.

Next in line came Holger F. Peterson, president of the Board of Trade, and T. W. Hanson, chairman of the Hospital drive, who in a large measure is to be credited with the success of the affair.

Following was a long line of autos, nearly all of which were fittingly decorated with flags and banners. One large float, all in white, contained the words "Mercy Hospital" in large red letters, on each side and reaching full length of the car. Misses Kristine Salling, Beulah Collen and Beatrice Hoesli, dressed in white nurse uniforms rode in a group upon the white platform of the float. This was one of the prettiest floats we have ever seen in Grayling.

## MEMORIAL DAY

\*\*\*\*\* Proclamation by the Governor. \*\*\*\*\*

Lee's surrender to Grant at Appomattox marked the close of the Civil War which had cost this country millions of treasure and many, many thousands of precious lives. Three years later Memorial Day was instituted to honor the memory of the brave men who had given their lives for the Union cause.

A generation passed and America again found herself in arms, not to put down rebellion but to establish the liberties and maintain the rights of a young, sister republic.

Less than a score of years saw the outbreak of the great world conflict and, while at first it seemed that we might be able to keep out of it, as the war progressed it became more and more evident that the fruits of liberty, so dear to the heart of every American, were seriously menaced and that to insure our national independence we must take our place by the side of those who were battling for the freedom of the world. We all know the story. We know how splendidly on land and sea our gallant soldiers, sailors and marines upheld the honor of the American name.

Memorial Day is for the men who took part in all these wars, but our first thought will be for the grey-haired veterans, that fast thinning blue line whose step is growing feebler year by year; and in this thoughtfulness for the old soldier none will join more heartily than the younger veterans of more recent wars.

Therefore, in order that we may pay a tribute of respect and affection to the surviving veterans of the Civil War, the Spanish American War, and the Great World War, and do honor to the memory of their fallen comrades, I hereby sincerely urge that Wednesday, May thirtieth, 1923, be fittingly observed as Memorial Day; and I earnestly appeal to the people of Michigan for hearty cooperation in plans for the observance of the day in their respective communities.

On Memorial Day flags should be displayed at half-staff until noon and then hoisted to the top of the staff.

Given under my hand and the Great Seal of the State this fourteenth day of May, in the year of our Lord one thousand nine hundred and twenty-three, and of the Commonwealth the eighty-seventh.

ALEX J. GROESBECK, Governor.

By the Governor: Charles J. De Land, Secretary of State.

cept for the cold weather—winter overcoats did not come amiss with those who happened to wear them.

"Hot dog" sandwiches were served by some of the ladies and were in great demand and the wienie, mustard and bun market were almost "busted" before everyone had his fill. This venture added a nice sum to the hospital fund.

The Dance.

In the evening there was a dance at the School gymnasium. There was a fine crowd present. Before beginning the dance a number of entertainment numbers were given, as follows:

Vocal trio—Misses Gnech, Bates, and Gideon.

Vocal solo—Mrs. Roy Milnes.

Male quartette—John Phelps, Edward Trudeau, Emerson Brown and Guy Bell.

Violin solo—Herman Hanson.

Fancy dancing—Misses Margrethe and Ella Hanson.

Each number was greatly enjoyed and enjoyed.

Closing the program T. W. Hanson thanked the people for their generous patronage and those who had assisted him in the work of putting on the hospital drive.

The music for the dance was furnished by Leo Schram's orchestra. It was specially good and won many fine compliments.

Ice cream, hot coffee and fried cakes were served during the evening, and everyone was made comfortable and happy. Some who preferred to play cards rather than dance were given the privilege of doing so, tables being arranged in one of the grade rooms.

The financial success of the drive is partly due to the work of some of our ladies. With Mrs. Henry A. Bauman as chairman, committees of ladies sold dance tickets, charging \$1.00 each, which brot in a nice sum. The committee covered every district in the town as well as Frederic and other sections of the county. Some people purchased several tickets just to help swell the proceeds. The people responded generously with their cash for the ball game as well as for the dance, and we are sure it is all appreciated and the money will be used for good purposes.

Roscommon county people who share our interests in the Hospital did their part by buying dance tickets and many from there were in attendance. There were also some cash donations from citizens of that town.

Gaylord to Hold Drive June 5.

Last week a delegation from the Grayling Board of Trade consisting of T. W. Hanson, Holger F. Peterson, Fr. Bosler and O. P. Schumann, met with the executive committee of the Board of Trade of Gaylord and laid the situation of Mercy hospital before them and asked that they assist in the project. Everyone at the meeting was heartily in accord with the proposition and assured our delegates that they would aid in some way. Later we were informed that they would hold a Hospital drive in their City June 5th. Mr. Frank Shipp was appointed chairman of the committee. Courtesies from Grayling will be extended Gaylord at that time and also the presence of the Grayling band. A large crowd from Grayling will no doubt accompany them.

Financial Statement.

Thru the courtesy of T. W. Hanson we are privileged to publish the following statement of receipts of mon-

ey received for the hospital fund:

Chairman's Report.

Grayling, Mich., May 17, 1923.

Mr. Holger Peterson, President, Grayling Board of Trade, Grayling, Michigan.

Dear Sir:

I am pleased to submit herewith, for your consideration and approval, my report on the money drive for funds for Mercy Hospital:

Receipts from lunch served at school \$ 35.25

Receipts from sale of hot dogs and cones 41.15

Receipts from sale of balloons 40.98

Receipts from ball game 88.95

Receipts from ticket sales 484.45

Receipts from personal contributions 1617.75

Total receipts from all sources \$2,314.48

Attached herewith you will please find a receipt for the above amount signed by Mercy Hospital. Out of the above fund, the Sisters of Mercy have requested me to say to you that it is their desire to turn back to the Board of Trade the sum of \$1,000.00 to be set aside, and to be drawn upon from time to time, as they may require the funds for the building up of the Nurses Training School. They estimate that it will require this amount each year for this purpose and it is their desire that our Board of Trade keep this fund intact for them and distribute same as they may require.

I wish to extend my personal thanks to the various Women's Clubs, Merchants, Band, Schram's Orchestra, School Board, and all co-workers and last but not least to all of our citizens in Grayling, Frederic, Lovell, Crawford County, Roscommon, Gaylord and Bay City for their wonderful co-operation and response to our call for funds, which has made our National Hospital Day such a grand and glorious success and which has given our Mercy Hospital a new lease of life. The Sisters of Mercy and the entire staff at the hospital join with me in this expression of thanks.

A list of the various donors has been filed with the hospital and they will issue a personal letter of acknowledgment and thanks to all donors. Thanking you, and trusting that my report will meet with your approval, I am

Yours very truly,

T. W. Hanson, Chairman.

## POOR DRIVERS MENACE PUBLIC

INEFFICIENCY IS MORE DANGEROUS THAN SPEED.

With motor cars increasing in numbers so rapidly, the need for efficient driving universally is really great. The man who is inefficient in his driving is a far greater liability to his community than the efficient driver who speeds.

Since the days when 15 miles an hour was the top speed of a motor car, most of us have connected fast driving with danger. We see a car hurrying down the street at more than the usual rate and we say that the driver is careless. If brought into court, he would no doubt be branded as reckless.

As a matter of fact, the fast driver may be a lot safer at large than the inefficient driver who creeps along at a snail's pace.

We are not attempting to defend fast driving. That is dangerous and not according to the man behind the wheel. No one could reasonably uphold speeding or any other kind of driving when the driver in question did not practice the fine art of motor-ing.

What we have in mind is a wider and more extensive application of the principles of right driving, which includes much more than strict abedience to traffic regulations.

CARD OF THANKS.

Our sincere thanks and appreciation are extended to our friends for the flowers sent and for the sympathy shown at the death of our son and brother. Also to those who furnished their autos at the funeral.

Mrs. Mary Turner, and family.

PROFITS IN  
FARMING

Want To Try 'Em?

The Irish Cobbler is a well-known variety of early potato, much sought after. The Michigan Potato Exchange, at Cadillac shipped in a car load, from Minnesota, out of a lot that went 75 bushels to the acre. These are certified Irish Cobblers too. They sold fast. I wired for a bag of two and one-half bushels to be sent me by express. I still have one and one-half bushels left, that I wish to sell in small lots, at no profit, so several can get started. I have \$2.45 a bushel (30 lbs.) I need to get \$1.25. For a peck (15 lbs.), 65 cents. Who wants to try them?

Sigsbee Enriched.

Mrs. Deman, who, with her son Harold, is farming in Sigsbee, has bought the fine yearling registered purebred Holstein bull, raised by Adam Gierke, from his AuSable stock.

The good work goes steadily on. There is left but one neighborhood now, in which I have failed to place a choice registered Holstein sire. Prosperity follows the dairy cow.

Un-Mined Gold.

In many places where the precious metal has been taken out by crude methods, it has been found that, by more modern methods, much gold could be secured, where it had seemed that the supply was exhausted.

Gold Here, Too.

In educational methods unmined gold is often found.

I believe there are rich deposits of the precious metal here in our midst in an educational sense. Each teacher should carefully canvass her community, and the county, in her mind's eye, and endeavor to build up a list of people who have knowledge of some special thing, and earnestly endeavor to secure that person, to talk to her school or her class on that specialty.

Not a Vaudeville.

No one would shrink more than the writer from anything that would disturb the smooth progress of school.

By a little intensive work on part of school or class and teacher, time can well be found in which some worthy citizen can enrich the thought and broaden the mental horizon of our young people, by telling of something that the teller knows especially well.

Follow Good Leaders.

In bringing outside people into the class room we are only doing what every college and university is doing—giving their students opportunity of hearing specialists.

In this same spirit we have magazines, and books of reference in our schools—to go beyond the scope of the text-book.

Some Who Can Do It.

Think of the pleasant and profitable hour that Mr. Henry Bauman could give a room in Frederic, or Grayling, or a rural school under the title of "My Travels," or "Changes I Have Seen in the North." Mr. M. A. Bates could hold a history class, in Grayling, Frederic or country school, spell-bound with tales of "Battlefields of the South," or "Taxes and Taxation."

Miss Margaret Bauman could highly entertain with "Things Seen Outside Our Own Country."

Miss Elizabeth Alexander could make that fair life of the Pacific seem like a real place if she could be induced to go before classes in Grayling, Frederic or the country and speak on "Life in Hawaii."

When Judge Guy E. Smith comes to hold court, why not capture him and get him to speak on "Our Courts."

Able attorneys often come to Grayling. Try to induce them to speak on a suitable topic.

Mr. T. W. Hanson could arouse and instruct many a class in the county with "Points of Interest in South and West," or "San Francisco and the Earthquake." Try it.

Mr. Marius Hanson, in speaking on "Saving our Resources," could place these ideas where they will really do the most good—with the rising generation.

Miss Bellows, of our high school, could give a most instructive hour to schools or classes on "Vacation Wanderings in Europe."

As various European and American Universities are exchanging lecturing professors, why not Roscommon, Frederic and Grayling sometimes exchange in case of Miss Fuller, Miss Bellows, Miss Gnech, Miss Forrester, Miss Estabrook, Miss Hainline, Miss Gideon and others?

Why could not strong grade teachers of the Grayling schools be invited once in a while to teach a model class in Frederic, Roscommon or the country?

## OFFICIALS INSPECT WARD ORCHARD

M. C. R. R. HORTICULTURISTS  
MAKE SURVEY TO DETERMINE COMMERCIAL VALUE.

L. M. Eaton of Detroit, a horticulturist in the employ of the Michigan Central Railroad company, and E. J. Leenhouts, of the agricultural department of the same company, arrived in Grayling Monday morning for the purpose of making inspection of the Ward apple orchard at Frederic.

It is the desire of the Railroad company to learn the true commercial value of this orchard with the possible intention of getting it taken over by some company that will operate it on a more intensive plan.

This orchard was set out by Henry T. Ward about 16 years ago and consisted at that time of 800 acres. Since that time 200 acres were destroyed by fire, and the remainder of the orchard has been neglected and is far from being in a good producing condition.

It has been under the management of Eli Forbush for more than ten years. The owners have not allotted enough money with which to keep the orchard up as it should be. Spraying and pruning was sadly neglected. Mr. Forbush and the few men allowed him as assistants were unable to handle this enormous number of trees, and now the place is in such a condition that it will require considerable pruning and attention to bring it up to where it should be.

The Ward orchard started out with bright prospects, and bid fair to become a real valuable asset to the commercial interests of Northern Michigan. The owners sold their crop to packers in the fall of 1910 for \$45,000, the purchasers doing their own picking and packing. Since that time crops have varied in value.

Mr. Eaton says that he found quite a number of diseased trees and a number that should be cut down entirely. In order for him to arrive at the true status of the trees in relation to their commercial value, he says, he should inspect the orchard during each season of the year—winter, spring, summer and autumn. Then he would be able to know definitely just what may be expected from this orchard in the way of marketable fruit.

## Canada Offers "Last Chance" for Virgin Farms

THINK of what you could produce on a farm of virgin fertility, without the burden of high-acreage cost. Think of what 20-to-40 bushel wheat would mean to you under these conditions, and of dairying and stock raising on cheap pasture land. Land pays for itself in a few crops—no artificial fertilizer—no heavy investment. You have envied the farmer who got his start when land was cheap. Here's your chance, perhaps your last chance, for the same brand of prosperity.

### Western Canada—Your Opportunity!

Western Canada is the farmer's land of opportunity. Thousands of settlers who started not many years ago with little or nothing, are today the owners of fine farms, with comfortable homes and barns, stock, dairy herds—all the marks of prosperity. Yet land is not dear—only \$15 to \$20 an acre for rich, virgin, prairie convenient to railways. Land is not dear in Western Canada—yet because there is so much of it. But many settlers are expected in 1923, and now is your opportunity, before the best farms are taken. Get started. Taxes are reduced, not raised, on land brought under cultivation. On farm buildings, improvements, machinery, personal effects, automobile, etc., there is no tax at all. Canada wants workers! It wants its land farmed—and the farmers, through their municipal councils, have practical control of all local taxation.

### Special Renter's Plan—Buy Out of Profits

To aid and encourage the honest worker with perhaps little capital, the Canadian Government has a "Renter's Plan", whereby one may work a new or improved farm—"Try it out" for several years if desired—and buy a farm of his own out of profits.

### Thirty-Two Years to Pay

For the benefit of those wishing to buy land, a national non-profit sharing organization—the Canada Colonization Association—has been established, with head office at Winnipeg, and United States office at St. Paul. This Association offers selected land convenient to railways—much of it at \$15 to \$20 per acre—on very small cash payment; no further payment until third year; balance extended over thirty years, but purchaser may pay up and obtain title at any time, if desired. Interest six per cent on deferred payments.

### Special Excursion Rates to Western Canada

In order that you may inspect the land—see for yourself—judge of its value and fertility—special excursion trips of inspection will leave United States points on the first and third Tuesday of each month. Single fare plus \$2 for the round trip, available from all principal centers. Take advantage of these low railroad rates to inspect for yourself the opportunities which Western Canada has to offer you. Seeing is believing. The nearest Canadian Government Agency will give you all information. The men in charge are Government officials, interested only in the service of the prospective settler. We help you find your opportunity. Let us know something of your position and receive free book with maps and information how special railroad rates can be arranged for a trip of inspection. Mail the coupon.

Free Homesteads are still available in some localities.

### WHY TAKE LAXATIVES?

Discovery by Science Has Replaced Them.

Pills and salts give temporary relief from constipation only at the expense of permanent injury, says an eminent medical authority.

Science has found a newer, better way—a means as simple as Nature itself.

In perfect health a natural lubricant keeps the food waste soft and moving. But when constipation exists this natural lubricant is not sufficient. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

As Nujol is not a medicine or laxative, it cannot gripe and, like pure water, it is harmless and pleasant. Nujol is used in leading hospitals. Get a bottle from your druggist today.—Advertisement.

### Fox Superior to Wildcat

A fox has five times as much courage, five times as much intelligence, and five times as much personality as a wildcat, says Herbert Ravenel Leas, in Harper's. The fox is so clever, so resourceful, that he can afford to be bold and take chances. And, if by chance he is overbold and gets into a tight place, he relies on his wits to get him safely out. The wildcat refuses to take chances, not only because he

is a coward and is afraid of the risk, but also because he has not brains enough to be able to take chances with a fair degree of safety. He survives by avoiding all avoidable hazards, keeping out of dangerous places. But the fox survives in much greater numbers, although he is constantly running unnecessary risks.

Many serious accidents have occurred because some important part of a machine has failed owing to "fatigue." That may sound surprising, but engineers know that steel and iron, when subjected to heavy loads and vibrations for long periods, undergo a serious internal change. This change so weakens the material that a chain may snap with only half the weight it would ordinarily carry. More surprising still is the news that a metal can fall ill or be poisoned. Alloy—that is, mixtures of aluminum with other metals—are especially liable to develop a disease that causes them to rot away.

### Rust Takes Huge Toll

Of the world's output of iron and steel during the 60 years from 1860 to 1920, approximately about 600,000,000 tons were lost by rusting. Taking the average yearly output for that period as 31,000,000 tons, and the average yearly wastage as 11,000,000 tons, the depreciation due to rust was more than one-third of the output—Exchange.

## Red Crown Quality Shouts Aloud

Red Crown, the High Grade gasoline, is one of the major products made, sold and guaranteed by the Standard Oil Company (Indiana).

When it is pumped into your tank, it delivers a service which in every way measures up to the ideals established by the Board of Directors for the Company as a whole.

The evidence in favor of Red Crown as a quality product, is overwhelming. The constant patronage and good will of more than two million motorists, attest the merit of

## Red Crown for Service

Red Crown produces instant starting Winter or Summer—a quick snappy get-a-way, smooth steam-engine-like acceleration and all the power and speed your engine is capable of developing. To use Red Crown is to get that maximum service your car was designed to render.

There is no waste to Red Crown—it vaporizes to the last drop to make power and give maximum mileage. Red Crown is the best, most economical gasoline you can buy.

### TELLS BOARD OF TRADERS HOW TO CARE FOR TREES.

The principal speaker of the Board of Trade luncheon today was R. D. Bailey, county agricultural agent. Mr. Bailey called special attention to the Oystershell and San Jose scales, upon ornamental and shade trees, and made timely suggestions about spraying.

Marius Hanson had charge of the meeting but before turning the gavel over to him, President Peterson read a report of the Hospital drive, a copy of which is printed upon the first page of the Avalanche.

Referring to Mr. Bailey's suggestion about spraying, the chairman suggested that the Board of Trade purchase a pneumatic spraying apparatus and turn same over to the Village council with the recommendation that the Village hire workmen to spray all necessary shade trees in the community. The matter was voted upon and carried unanimously.

Another very interesting talk was given by Addison M. Lewis, telling many interesting and instructive things about his trip, in company with Claud Gilson, by auto from Miami, Florida thru 13 states to Grayling. Everyone enjoyed his talk very much.

Chairman M. Hanson announced the organization of a new Laundry company, more particulars of which appear on the first page of the AVALANCHE this week.

### GEORGE GURNEY PASSED AWAY. Had Been Resident of Grayling for Twenty-eight Years.

George Gurney, a resident of Grayling for the past 28 years passed away quite suddenly at the home of his niece Mrs. J. A. Cramer at one o'clock Sunday afternoon. The old gentleman had been in ill health since the fore part of February and unable to leave his home, during the time being under the care of a physician.

Mr. Gurney was born in England and at the time of his death was 78 years, 9 months and 22 days old. When he was two years old he came with his parents to the United States, the family settling in Boston, Mass. After residing there for some years they went to Ontario, where when George grew to manhood he was united in marriage to Miss Mary Richardson. Altho 10 children were born to them all passed away in their infancy. Mrs. Gurney died in 1891 and four years later Mr. Gurney came to Grayling to reside and has since made his home here, making his home with his nieces Mrs. Cramer and Mrs. Adam Gierke in whose households he was one of the family circle. Mr. Gurney was a mason by trade, which trade he followed for a good many years. A few years ago he operated a small farm in Beaver Creek township until the house on it was destroyed by fire. Last summer he paid a visit to his old home in Blyth Ontario, and attended the London fair, having not been in those parts for many years.

Mr. Gurney was a genial old gentleman and always had a cheery word and smile for everyone. An only sister, Mrs. Elizabeth Lamont, the mother of Mrs. Cramer and Mrs. Gierke survives. The funeral, which was held at the home yesterday afternoon was conducted by Rev. W. L. Jones of the Michelson Memorial church and was attended by friends of the bereaved families. Those from out of the city who came to be in attendance at the funeral included Mr. and Mrs. W. A. Lamont of Montpelier, Ohio, Mr. and Mrs. R. G. Lamont and Mr. and Mrs. James Lamont and daughter Joyce of Bay City.

### USEFUL HINTS.

Grease Spots.—For grease spots on silk lay a blotter under the spot and then rub some warmed flour on the stain. Brush off and renew until the grease disappears.

When you press a woolen article such as a dress or a man's suit, use a wool cloth to do so, before finishing you will not find that shiny look; even a part wool cloth will do.

A Fall.—When a child gets a bad fall, peel and grate a raw potato, and rub part affected, and it will reduce the swelling in short time.

Earache.—For earache roast a raisin and bind as hot as can be borne on the ear.

To Clean Feathers.—Soak them in benzine and then rinse in clear benzine and dry out of doors. Be sure and keep away from fire.

Shoes.—If the leather of your shoes becomes hard, rub the shoes with a little castor oil and they will become soft and comfortable.

To Wash Silks.—Wash your white silk gloves, hosiery, and lingerie in cold water and dry them in the shade and you will not find them turning yellow.

Burns or Scalds.—The white of an egg applied to a burn or scald is most soothing and will cause the wound to heal quickly. Never apply iodine to any raw surface of skin.

pleased."

## Gum-Dipped Cords Gaining New Fame for Service 194% Sales Increase in Last Six Months Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the

results in economical mileage of the Firestone process of double gum-dipping. The buying-swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the big taxicab fleets Firestone-equipped. Watch the new cars you see—just from the factories; Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

Get the maximum extra mileage that only the Firestone name assures you. Only by insisting on this name can you be sure of getting the genuine gum-dipped construction.

Hughes of Bay City arrived in Grayling the latter part of the week, Mrs. Hughes remaining in Cleveland until Jack fully recovers from his operation.

Homer L. Fitch, retired as prosecuting attorney Tuesday and left this Thursday morning by auto for Centerville to join his family. He will locate in Detroit soon for the practice of law. Mr. Fitch came to Grayling in the autumn of 1918 and was appointed prosecuting attorney to succeed Glen Smith, who resigned, which official position in the county he has since held. Mrs. Fitch was a member of the Good Fellowship club. Each have a large circle of friends who will be sorry to lose them from our community. The best wishes of our people go with them.

The friends of Arthur McIntyre will be pleased to learn that he has been honored by being accepted into the Xi Sigma Psi, the highly honorary forestry national to be made. He is also a member of the Semarium Botanicum, botanical society. Both of these societies are strictly honorary and require an examination besides being well up in one's studies, in order to get in. Mr. McIntyre and two others were highest in scholastic standing, having an average of B or better. He is just finishing his third year in Michigan Agricultural college where he is taking a course in forestry study and expects to finish in another year. Grayling people are always pleased to learn of the successes of their boys and girls.

The examination of Jerry Lamotte charged with violation of the prohibition law in justice court last week Friday resulted in the dismissal of the case because of lack of evidence. Prosecuting Attorney Fitch states that some of the witnesses failed to testify in accordance with signed statements made by them before the warrant was issued, and further claimed that some witnesses had perjured themselves in their testimony on the witness stand. He was very indignant over the matter and further stated that if he was going to remain here he certainly would order warrants charging certain ones with perjury. The penalty for such an offense means state prison. He says that such things have been gotten away with too many times and it is time that drastic action be taken to punish offenders.

There has been a great improvement at the county farm. They celebrated Arbor day by setting out trees and making flower beds in the front yard. We all know that it looked like a prison and they are trying hard to make it look homelike. Notice the improved appearance next time you drive by.

H. J. Johnston, commercial manager of the Michigan State Telephone company for the northern district, and residence in Petoskey was in the city the latter part of the week on business. He was accompanied by his wife, who was a former Grayling girl, known to her friends here as Miss Florence Wisner. She enjoyed meeting with many old friends.

Arthur Callahan age 22 years and a former resident of Frederic passed away at his home in Bay City Sunday night after lingering illness of six months duration. The remains were brought to Grayling for burial, the funeral being held Wednesday morning with services at St. Mary's church. Pallbearers were former boyhood friends of the young man who formerly resided in Frederic. There was a large congregation of friends both from Frederic and Grayling in attendance at the funeral of the young man, who had hosts of friends in Frederic, and his untimely death is a source of regret to them all. He is survived by his mother Mrs. George Burkhardt, a brother B. E. Callahan and a sister Mrs. W. E. Sims all of Bay City, and a sister Mrs. Edward McDermid of Flint, all of whom with other relatives accompanied the remains to Grayling. The deceased was a member of the Knights of Columbus.

An enjoyable trip was given a troop of Bay City Boy Scouts, when their Scoutmaster, Mr. Roy Billings brought the boys numbering 14 here for a fishing trip on the AuSable river, they coming on the 4th and remaining for the 5th, 6th and 7th. The treat was given them for having won a number of honors in scout work. Besides the scouts, and Scoutmaster Billings the following were also in the party: Mr. Roy Tanney, assistant scoutmaster, Mr. Wylie, scout executive, Dr. Theodor, Mr. Roy Billings and Mr. Bradford, Mr. and Mrs. Fred Russell and children, and Clarence Snogren, all of Bay City; Messrs. Frank Lent and J. D. Bleasdale of Saginaw. The entire party while here were guests of Mr. and Mrs. Carl England, sleeping quarters for the party being furnished in the England home and in their cottage at Lake Margrethe. The whole party motored up from Bay City in five machines. Mrs. Billings and Mr. Snogren of Bay City are sister and brother of Mrs. England, who opened her home to the party. The Boy Scouts are known as the troop of the First Methodist church of Bay City and the trip was thoroughly enjoyed by them. Mr. and Mrs. England are known for their hospitality and no doubt they gave their guests a royal time.

HOSPITAL THANKS THE PUBLIC.

The Sisters of Mercy wish to express their sincere thanks to the Chamber of Commerce, Hospital Aid and the people in general of Grayling and the surrounding cities, for their generous effort to make Hospital Day a success, both financially and the effort to secure nurses for the institution. Only the kindest feeling toward the Hospital could cause such united efforts of the people. May God bless each individual who have sacrificed their time and money.

Sincerely and Gratefully,  
Sisters of Mercy.

PROSECUTOR GIVEN FAREWELL PARTY.

County Officers and Supervisors Entertain With Banquet.

Prosecuting Attorney Homer L. Fitch was given a farewell party last week Thursday evening by members of the County Board of supervisors and County officers. The affair was held at the Cody hotel and began with a delicious fried chicken dinner. About twenty sat around the festive board and all enjoyed a most delightful repast. A few unofficial citizens had been invited for the occasion.

Mr. Fitch has served three terms as prosecuting attorney of our county and was re-elected again last November, however "distant fields look greener" and accordingly he decided to cast his lot among the turmoil of Michigan's metropolis and therefore had sent in his resignation to take effect May 15.

It is with a great deal of regret on the part of those with whom Mr. Fitch has been closely associated, that he is leaving Grayling, as was evidenced by the short talks that followed the banquet. His close attention to the duties he confronted him as prosecuting attorney and legal advisor of the county and his courteous and obliging manner won for him a lot of appreciative friends. He was always ready to give his time and efforts in all matters that pertained to his office, and was anxious to co-operate whenever and wherever he was able to be of any assistance. He was highly esteemed by his brother officials and others who knew him well. Many deserving compliments were given him that evening.

Mr. Fitch responded by saying that he only did his duty as he saw it and that he was deeply grateful for the many fine things that had been said. He explained that it was his intention to give more attention to the practice of civil law, that he never did like criminal practice, and that he would prefer to defend a prisoner than to prosecute him. He said he liked Grayling and felt that he had many warm friends here and hoped he might visit us often in the future.

Thru the courtesy of Edwin S. Chalker, master of ceremonies, M. A. Bates was asked to preside as toastmaster.

# MICHIGAN'S NEW LAWS

## Acts Passed at 1923 Session of the State Legislature

### 52ND LEGISLATURE PASSED 335 BILLS DURING SESSION

#### CONTINUED ROAD DEVELOPMENT CURTAILED BY FAILURE TO PASS THE GASOLINE OR WEIGHT TAX BILLS

#### REAPPORTIONMENT BILL IGNORED DESPITE MANDATE

#### Chief Accomplishment of the Session Was the Definite Stand Against Tax-exempt Bonds and Securities.

(By WILLIAM LEE CALNON.)

Lansing, Mich.

More public attention having been directed to battles over legislative bills that did not get through the mill in the 1923 regular session than to those which did, it may come as a surprise to know that the state has 335 new laws, or will have when they all take effect 90 days after the sine die adjournment on May 31.

Failure of the 2-cent gasoline tax bill and the subsequent defeat by "gas bloc" bitter-enders of the weight tax bill for motor cars, designed to substitute for it, leaves the state highway department short of funds for continued road development.

Failure to pass any reapportionment bill affecting senate and house seats, despite the constitutional mandate that this be done by the 1923 legislature, may result in the legislators being called back in special session later in the year. The gasoline tax-weight tax battle might be resumed again at such a session if the governor calls the matter up.

The senate buried in committee the income tax bill passed by the house despite the referendum vote against such a tax last November. The effort to reapportion primary school funds also failed.

Perhaps the chief accomplishment of the 1923 legislature was the taking of a definite stand against tax-exempt bonds and securities.

Of the 335 acts adopted by the legislators 154 originated in the senate and 181 in the house. Following is a digest of the bills that became session acts:

#### HOUSE ENROLLED ACTS

- 1—(McDonald) Amends act making it a misdemeanor to throw missiles at passenger trains so as to add motor vehicles, locomotives, freight trains and cabooses.

## WOMAN'S HEALTH RESTORED

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin.—"I feel that I ought to let you know about my case. I was ailing and could barely do my housework and washing. I was so run-down, just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take it just so. I am thankful for what the Vegetable Compound has done for my health and for my family."—Mrs. MARY SANCHEK, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions: First, those symptoms that affected them most conspicuously; and later the disappearance of these symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

## WOULD NEVER BE WITHOUT IT

"I Only Wish Mothers Would Use More of Father John's Medicine."

Mothers will be interested in this letter from Mrs. Robertson. She says: "If all mothers would only try Father John's Medicine they would never be without it in the house. In January

my two boys had the measles. After they got up I began giving them Father John's Medicine. They began eating better and their cough stopped. Since then Father John's Medicine has been our stand-by. I only wish mothers would use more of this medicine. They would have less doctor's bills." (Signed) Mrs. E. Robertson, 9 Whipple Place, Greenwich, N. Y. The Greatest Body Builder.

## Michigan Happenings

One of the last bills to pass the Legislature before adjournment was the American Legion's bill providing for an appropriation of not more than \$25,000 each of the next two years for the equipment of the Legion's home at Otter Lake, in Lapeer county, for orphaned children of former service men. The home, which was damaged by fire last week, and which was first reported to be a total loss, was valued at more than \$60,000 and is a gift to Michigan's war orphans from the counties of Lapeer and Tuscola, and the seventh district of the Michigan Legion.

Albion's new \$150,000 addition to the high school was dedicated at the high school auditorium. Exercises began in the afternoon, when the children of the grades inspected the building, and a health pageant was given under the direction of Miss Roberta Poole, school nurse. The speakers in the dedication program were George E. Dean, president of the school board, and Robert W. Baldwin, member of the board. The new building will accommodate 575 pupils.

The Dewitt Clinton consistory class completing its work at Grand Rapids last week, adopted the name of General William Pinnes a Civil war veteran, who for many years held high degrees in Masonry, and elected the following officers: President Roy Andrus, Lansing; vice-president, Randall Edwin Clark, Kalamazoo; secretary and treasurer, Robert F. Hooker, Grand Rapids; orator, W. R. Booker, Greenville; historian, Robert H. Ballis, Grand Rapids.

One thousand prairie chicken eggs for hatching will be distributed among the farmers in Delta county by the Escanaba Wild Life and Conservation league. Fishermen will be asked to scatter buckwheat seed at feeding places for game. Buckwheat spreads rapidly and is choice food for the birds. The upper peninsula convention of sportsmen's and conservation clubs was held at Houghton last week.

Contractors began the paving of four miles of road near Dowagiac from the north Cass county line to Decatur as part of the Dixie highway, last week. When finished in August, motorists will have a pavement from South Bend to Kalamazoo. The road will allow motorists to avoid the Fildfield hill, one of the longest and steepest grades in southwestern Michigan.

Funeral services were held at Fowlerville last week for Franklin R. Abbott, 79 years old. Civil war veteran and an old resident of this town. During his service in the war he was in the battles of Yorktown, Gaines, Bull Run, Fredericksburg, Wilderness, Spotsylvania, St. Petersburg, Five Forks, Appomattox Court House and other engagements.

Working side by side for 54 years of their span of years, scores and eleven, is the record established by William and Willis Hardy, twins, now employed in the polishing department at a furniture plant at Grand Rapids. From fighting log jams on the Grand and Pore Marquette rivers in the days of their youth, they have carried on through all their years and now are more bound up in one another than ever. Each morning the men leave their homes, which are not far apart, and walk together to their work.

Allen F. Maybee, of Kalamazoo, has been chosen a member of the Columbia university debating team which will tour the British Isles in June for a series of debates with British university teams. Maybee is the only freshman ever to make a Columbia varsity team. The team will debate the question: "Resolved that President Harding's proposal to that the United States enter the international court of justice merits the approval of this assembly."

Another cottage division for tuberculosis ex-soldiers is to be opened at Roosevelt American Legion hospital at Camp Custer within a few days, according to official announcement. Approximately 185 Michigan vets now are registered there and more are arriving daily. Four more units will be opened before the institution reaches capacity accommodation of 450 men.

Officers of the Ladies of the Macca-bees were in Lansing, conferring with Chamber of Commerce officials relative to a site for a home for the order here. It became known last week. The general offices of the order now are located in Port Huron. It is felt that with the increase in membership some more centrally located site is needed.

The annual county high school track and field meet will be held May 25, on Thompson field, at Hudson, Mich., plans having been completed for the event. Morenci, Clinton and Blissfield schools, with their teams of last year practically intact, are expected to furnish interesting contests.

Fire, last week, destroyed the large elevator and coal sheds owned and operated by the Clarksville Co-operative Elevator Co. at Ionia with loss of more than \$50,000. Besides the loss of the buildings, there was a large amount of corn, wheat, oats and coal consumed.

"Every Huron farmer a member," is the keynote of the County Farm Bureau association drive to open July 15 at Bad Axe. Extensive demonstrations in ditch blasting, stump and stone blowing, using picric acid, will be started by the association soon.

The city council, of Albion, voted to lease from the New York Central railroad for the nominal sum of one dollar per year the former company station grounds there, and will maintain them as part of the city park system.

Henry S. Hull, 77 years old, one of the earliest organizers of northern Michigan's lumber industry, died at his home in Traverse City last week.

As a result of the recent campaign of the Methodist educational advance two farms have been deeded to Albion college.

Tustin holds the record for the shipment of potatoes in Oscoda county. There were 279 carloads of potatoes shipped from there the last season, representing about 25 per cent of the total yield of the county.

Afraid he would be late to school if he waited for a Michigan Central freight train, last week, Joseph Slayton, 7 years old, of Battle Creek, dashed under the crossing gates and started across the tracks. He was hit by the train and killed.

Miss Minetta, a senior at Adair college, has been awarded one of the six scholarships granted annually by the University of Michigan to state college representatives. Throughout her college course Miss Minetta has never received a grade lower than "B."

Ground was broken last week for the South End Baptist Evangelical church at Flint. Because only one of the building fund has been subscribed, members of the congregation will help to build the new edifice.

## SOVIET ENVOY ASSASSINATED

PRESS BUREAU'S HEAD AND DELEGATE'S SECRETARY WOUNDED.

### SWISS FASCISTI IS BLAMED

Government Fears for Own Citizens in Russia—Victim Warned to Leave Lausanne.

Lausanne—M. Vorovsky, head of the Russian Soviet delegation and an invited guest, at the Lausanne peace conference, was assassinated Thursday night. He was shot several times and killed outright. M. Ahrens, head of the Soviet press bureau in Lausanne, and M. Didwikowski, another Russian, were wounded, the former seriously.

Vorovsky was the first victim, and the assassin then turned the weapon on Ahrens, who was struck by three bullets, then shot Didwikowski. The assassin was seized as he attempted to escape from the hotel. His name is Maurice Alexander Conrad, and, according to the police, who subjected him to a severe grilling, belongs to the captain of Grisons.

The tragedy has shaken Lausanne to its foundations. Swiss opinion is inclined to condemn the assassin as a Fascist plot. The Swiss Fascists are not taken very seriously.

There is considerable apprehension in Swiss government circles regarding the consequences the crime may have for the 800 Swiss citizens residing in Russia.

The Russian delegation issued a statement accusing the Swiss authorities of being tacit accomplices in the cowardly crime.

The powers which organized the Lausanne conference also are morally responsible, because they created confusion in the public mind by their attitude against the Russian delegation and provided the atmosphere from which the crime sprang.

The recently organized Fascist took up the matter and warned Vorovsky and his colleagues to leave Lausanne by Friday. Vorovsky ignored the warning.

The leaders of the Fascist, however, disclaimed responsibility for the crime. They asserted that the only plan they had in view was to kidnap Vorovsky Friday and escort him over the Italian frontier.

The assassin Conrad told the police that he was born in Petrograd of Swiss parentage. He said he served as a captain in the Russian army during the World war.

### ENDS 50 YEARS AS M. E. PASTOR

Former Detroit Bishop Honored by Church and Laity.

Philadelphia, Pa.—Rounding out the fiftieth year of his service in a ministry that began in the Detroit conference of the Methodist Episcopal church, Bishop Joseph F. Berry, now the senior bishop of his denomination, celebrated his half century of service here Thursday evening.

Congratulatory telegrams poured in to him all day from every part of the United States. Bishop Berry's practice of presiding at many conferences having brought him into friendly contact with a host of Methodist clergy and laity.

Leaders in Methodism joined Thursday evening in paying tribute to their oldest bishop at a dinner given in his honor.

After entering the ministry in the Detroit conference, Bishop Berry served various congregations in different parts of Michigan for 12 years, and then began his long career with the Michigan Christian Advocate, which continued until 1904 when he was elected bishop.

### BURIAL DENIED SLAIN PRELATE

Body of Soviet's Victim Cannot Be Found by Friends.

Petrograd—The clerical associates of Monsignor Butchkavitch, who was executed in Moscow early in April, are as much in the dark as to what became of his body as anyone else, except the men in the execution department of the Cheka, who know what is done with the remains of those whom they shoot.

If the body could be delivered to the associates and parishioners of Father Butchkavitch, it would be buried with all the honors due to a saint.

Members of the Monsignor's parish seldom even mention his name, but they have a silent way of paying tribute to his memory by kneeling before his door in the parish house of St. Catherine's.

Silver Dollar Halts Bullet.

El Centro, Cal.—It may be true that a dollar does not buy much nowadays, but Gene Hudson, Negro pool hall proprietor of El Centro, bought his life with one today. A bullet from a large caliber revolver, said to have been fired at him by an angry gambler, struck a silver dollar which Hudson carried in a vest pocket. The bullet and the dollar, both badly bent and twisted, were found in the Negro's pocket. Another bullet went through Hudson's right hand.

## MAJ. GEN. HARRY HALE

East Lansing—Major-General Harry C. Hale, commander of the Sixth Corps Area, reviewed the R. O. T. C. cadet corps at the Michigan Agricultural college here last week. General Hale, formerly commander of the reinforced brigade which recently returned from two years' service in Germany, is making an inspection of all troops in Michigan.

### HEROES AWARDED DECORATIONS

Many Americans Receive Honors For Gallantry From Other Nations.

Washington—Decorations have been awarded by the United States to heroes of the war, to semi-heroes, to civilian non-combatants and to others in excess of 8,000. When the final returns are in, the total may reach 8,500.

These decorations include medals of honor, commonly known as Congressional medals, distinguished service medals, distinguished service crosses, oak leaf clusters and silver star citations, all issued by the war department, and all supposed to be a reward for gallantry in action or for signal service in the military service of the nation.

In addition to the decorations bestowed by their own government, Americans of one station or another have received a total of 17,787 decorations at the hands of governments associated with the United States in the prosecution of the war, making a grand total of something like 26,000 awards since hostilities ceased.

Among the foreign nations France has been most generous.

### OIL WELL DEATH TOLL IS 18

Use of T. N. T. Urged to Blow Out Huge Funeral Pyre.

Corsicana, Tex.—Thirteen identified bodies, three skeletons smoldering in a grim well pit, and possibly a score of others to be uncovered mark a tally of death, wrought by the explosion of the giant gusher of the J. K. Hughes Development company (McKee number one well).

Three hundred feet of flame, streaking the horizon with leaps and starts, ominously signalize the fire for 50 miles around, reports radiating back here tell.

The huge producer, which came in late Tuesday, flowing 15,000 barrels of pipe line oil, is a veritable funeral pyre. Charred, twisted mangled bodies remain while the well burns, consuming the complete flow and two million feet of gas as when it first ignited.

Dr. Charles E. Munroe, chief explosive chemist of the bureau of mines, suggested Thursday that the safest and easiest way to control the oil well fire would be to blow out the flames with T. N. T.

### CHINESE OUTLAWS NEGOTIATE

Promise to Release Prisoners—Will Join Army Later.

Pekin—The Pekin government announces that its delegates reached terms at Licheng last Saturday night with the brigands, under which the troops will be withdrawn and the brigands later will be enrolled in the national army. It is added that the brigands have returned to the hills, promising to release some of their captives immediately and to set the others free when the agreement is carried out.

Half of the foreign prisoners, several of them Americans, held captive in Shantung by robbers for more than a week will be released immediately according to promises exacted from the brigands last week.

Others will be released after negotiations, the brigand chiefs promised Roy Anderson, mediator, who first went into the hills to negotiate with them.

Besides money the brigands want a guarantee that they will not be arrested.

### Air Service Fatalities Cut.

Rantoul, Ill.—Not a fatality has been checked against the air service during the three months that have elapsed since Maj. Gen. Mason M. Patrick, chief of the United States Air Service, issued orders to the commanding officers of Chanute, Bolling, Langley, Mitchell, McCook and Selfridge fields to hold scheduled flights over a model airway over the eastern and middle western states, according to records filed here last week.

### Few Errors Made by P. O.

Washington—Ten mistakes in 1,000,000 chances is the excellent record of the Newark, N. J. postoffice for distribution of mail, says information received by the Postoffice Department. Newark postal employees handle approximately 800,000 pieces of mail daily. This record is typical of the care and efficiency of all employees of the nation," said Postmaster General Harry S. New. The minimum distribution efficiency demanded of postal distribution is 95 per cent.

## Items Of Interest in World's News

Mount Aetna in Eruption. Catania, Italy—Mount Aetna, famous old volcano, was in violent eruption last week. Molten lava flowed down the mountainside.

### Mexicans Slay Italians.

Laredo, Texas—The bodies of five Italian nationals, slain for their money at a lonely spot near Columbia, Nuevo Leon, Mexico, were recovered from the Rio Grande last week and buried on the river bank on the Mexican side.

### Injured Vets' Care Up To State.

Washington—Plans to concentrate the hospitalization of America's thousands of disabled World war veterans has been abandoned for the present by the United States Veterans' bureau, it was learned last week.

### Stove Explodes, Four Killed.

Derry, Pa.—A woman and three children, whose ages ranged from 18 months to 10 years, were burned to death when fire destroyed their home here, last week. A kerosene kitchen stove exploded, and spread oil all over the room.

### Zita in Hungary Report.

Vienna—The Budapest police received from the frontier police telegraphic information that Empress Zita with her young son, the "Hungarian King Otto," had crossed the frontier in an automobile with a passport in the name of Julia Koenig.

### Lusitania Sunk 8 Years Ago.

New York—Relatives of those lost on the Lusitania observed last week the eighth anniversary of the sinking of the giant Cunarder by two torpedoes from a German submarine off Kinsale, Ireland. Of the 1,108 who lost their lives, 124 were Americans.

### Crosses Atlantic in 5 Days.

New York—The giant White Star liner Majestic, which arrived here, broke its record for crossing from Southampton to New York. The trip was made in 5 days, 15 hours and 15 minutes. On two days the liner covered more than 600 miles.

### Insurance Record Broken.

New York, N. Y.—American life insurance companies wrote ten and a half billion dollars of life insurance last year, a new high record, and for the first time in their history paid out more than a billion dollars to policy holders. It was disclosed last week.

### Klan Initiates 2,000.

Columbus, O.—In full regalia, approximately 1,000 members of the Ku Klux Klan paraded here last week and then boarded street cars and were taken to the outskirts of the city, where according to Klan officials, 2,000 men were inducted into the organization.

### Women On Forestry Boards.

Atlanta—Twice as many women are now members of state forestry or conservation boards as there were two years ago. Mrs. Francis E. Whitely, of Webster City, Ia., told the annual council of the General Federation of Women's Clubs here last week while speaking on "Conservation of our Natural Resources."

### Greek Masons Honor Gov. Allen.

Athens—The Greek Masonic lodge has conferred the thirty-third degree upon former Governor Henry J. Allen of Kansas; William Archibald, of Shelbyville, Tenn.; John Dawson, of Washington; U. L. Amos, of Baltimore, and H. C. Moffatt, of Lebanon, O. It was announced last week. These are the first Americans ever to be thus honored in Greece.

### Cow Kills Self.

Lonacoming, Md.—Hugh MacMillan tells of a cow killing itself. The cow resented being sold to him, and did not want to be taken away from the old home. MacMillan was leading the animal over a small bridge when it made a sudden plunge into the creek, dragging MacMillan after it. The cow died in a short time from its injuries. MacMillan is suffering from contusions to the arms and body, caused by trying to save the animal.

### Clue to Cyclops Disaster Found.

Atlantic City—The fate of the Cyclops, U. S. Navy collier, which disappeared mysteriously in March, 1918 was recalled here when Miss Dorothy Walker, a Pittsburgh girl, found a bottle on the beach containing a message, which may have come from one of the ship's crew of 300 men. "Cyclops wrecked at sea," the message read. It was signed "H." and written on a memorandum sheet. The paper was yellowed with age.

### Cohens Ahead of Smiths.

New York—The Smiths and Cohens had their annual popularity contest this week, the occasion being the distribution of the New York City Directory for 1923. Out of the 1,200,000 names of the directory, which covers Manhattan and The Bronx, nearly 6,500 are allotted to the Cohens and Cohens and approximately 5,800 to the Smiths and Smiths. But although in the aggregate the Cohens and their kin the Cohens widen their lead over the Smiths and Smiths.

### Defeats "Old Friends" Bill.

Harrisburg—Among a number of other bills generally known as "old friends," the Pennsylvania legislature has one that never fails to appear. It is a measure to license all barbers in the state. The bill, which was defeated by the usual majority this year, contained a provision that before a barber can qualify for a license he must have served as an apprentice for three years or attended a barber college for that length of time. Rep. Ogilvie insisted that the bill did not go far enough.

## Los Angeles Woman Tells of Wonderful Experience.

### MRS. GUSSIE E. HANSEN.

Mrs. Gussie E. Hansen, of 916 West 52nd Street, is now numbered with the multitude of Los Angeles men and women who have realized the wonderful merits of Tanlac. In relating her experiences, Mrs. Hansen said:

"It is wonderful what Tanlac will do for one suffering from stomach trouble, nervousness and run-down condition. I have tried it.

"Before taking the treatment everything I ate disagreed with me so that I actually dreaded to sit down to the table. I suffered from constipation, had awful pains across my back, and was so nervous and run down I was in misery all the time.

"Tanlac was helping so many others I thought it might help me, too, and it certainly has. Why, my appetite is just splendid, and my stomach is in such good order I eat to my heart's content. My back doesn't bother me any more, and I sleep like a child at night. I can't say too much for Tanlac."

Tanlac is for sale by all good druggists—take no substitute. Over 37 million bottles sold.

teacher can teach nearly the whole day in her own school and be whisked away for her address or model class in a neighboring school.

Mr. C. B. Olevarius could give any school highly instructive addresses on many parts of Europe. Think how this would vitalize Geography classes!

Think how this practice would tone up the monotony of rural schools! Try it, teachers, try it!

Rev. Fr. Bosler and Rev. Jones have seen much of life, and could greatly help many schools in town and country.

Supt. B. E. Smith has many subjects on which he could give very helpful addresses to similar schools.

Mr. John Love, of Beaver Creek, should be induced to tell schools in Roscommon, Grayling, Frederic, or the early days, of which I have heard him speak so well.

Mr. Reuben Babbitt could entertain and instruct our young people all over the county with talks on "Things of Forest and Stream," or "Old Times in Crawford."

Mr. Frank Sales surely should be

induced to speak to Frederic and Grayling high schools, and classes in Civics elsewhere, on "Duties of County Clerk."

Mr. Edwin Chalker, the same, on the important office of County Treasurer. Probably the adult public, and surely high school pupils know but little of the important office of Probate Judge; so, Mr. Geo. Sorenson should be coaxed to talk. The same with Prosecuting Attorney, Register of Deeds and Sheriff.

Ed. Houghton to Bat and Schumann on deck.

Think how instructive and appropriate, if while teaching land measure in Arithmetic, Mr. Ed. Houghton could be induced to speak on surveying, and to take the class into the school yard and assist him while he measured with his steel tape or chain and used the transit.

That's what I call vitalizing education.

Mr. O. P. Schumann could highly instruct with "Printers and Printing."

Mr. Chris Olsen could help Geography classes greatly by talking on "Boyhood Days in Denmark."

Mr. Andrew Mortenson should be asked to do the same in several of our town and country schools.

There are a score of other Danish people here, men and women, who should be asked to do the same.

Mrs. Joseph Kraus should be asked to speak on "Health Problems."

Mr. Marcus Schaaf, on the very important topic of "Forestry." Why miss this?

Messrs. T. P. Peterson, H. F. Peterson, could give rousing addresses.

Dr. Keyport should be asked to speak on "Modern Developments in Medicine," and "How a Doctor is Trained."

Mr. John Brudin, Mrs. Ernest Larsen, Mrs. Olaf Michelson, Mrs. B. E. Smith, Mrs. O. P. Schumann, Mrs. R. H. Gillett, and a dozen other ladies could give good things to our school.

Mr. C. M. Morfit, should by all means, be induced to speak before classes in Frederic, Roscommon and Grayling on "The DaPonts," or "Science in Modern Life."

Tentative.

These tentative suggestions are well meant, and for good of the rising generation.

As many more gentlemen and ladies of ability could be named.

What teachers and school boards will lead off in this?

## ELDORADO NUGGETS.

Mrs. John W. Hartman, son, Harold, and daughter Ruth, of Lewiston, were week-end visitors at the home of Mr. and Mrs. J. H. Hartman.

Miss Hester Hanson spent Saturday and Sunday at her home in Grayling.

Messrs. Rudolph, Schumacher and Brock of Chicago returned home Saturday after spending a week fishing at Elm Run Lodge, McMaster place.

Mrs. D. W. Durfee and E. J. Le Duc of Luzerne were Sunday callers at the Crane farm.

Ralph Hollowell of Grayling called at the Knight home Friday.

Wellman L. Knight held a sale Wednesday of his stock, tools and household furniture at the George Hartman farm. He expects to leave soon for Detroit where he has accepted a position.

## TORNADO SWEEPS ACROSS 2 STATES

HUNDREDS INJURED AS TWISTER SPREADS DESOLATION IN TEXAS AND ARKANSAS

## FIRE RETARDS RESCUE WORK

Many Children Among Victims—Finest Farm Homes in Area Wrecked—Wires Down.

Colorado City, Texas—Fifty persons were killed and nearly 100 injured when a tornado struck near here Monday, W. H. Cooper, secretary of the local chamber of commerce, estimated after a preliminary survey.

Many of the dead are children, according to Cooper, who said the tornado cut a path one mile in width. The storm originated near Richardson, south of here, and extended to a point near Lorraine, 16 miles away.

Rescue parties have been sent from here and Lorraine into the stricken area but these have not given a report to authorities here.

All telephone lines to homes in the district are down.

"Many of the best farm homes in Mitchell county have been reduced to debris and the property loss will run high," Cooper said. "Thousands of dollars damage was done to crops."

The Colorado sanitarium is filled with injured who are being rushed here from the storm area. Many of the injured are in a serious condition and are expected to die.

The tornado, ripped through Mitchell and Howard counties in the Texas Panhandle, while residents were still in their beds, leaving death and destruction in its wake.

Little Rock, Ark.—Reports of loss of life in the southwest tornado and flood place the total of more than 100. The casualty list also comprises hundreds of injured and heavy property damage, according to brief accounts received here.

At Hot Springs, Ark., the death toll is placed at 50. Colorado City, Texas, also suffered a loss of 50 killed and 100 injured.

Fifteen bodies already have been recovered at that place. Incomplete reports from sparsely settled districts indicate that the death list will be greatly increased when complete tabulation is made.

In Hot Springs fire added to the gravity of the situation and interfered with rescue efforts.

Sweetwater, Tex.—Fifteen bodies have been taken to Colorado, Texas, 30 miles west of here and three others have been recovered at Lorraine, ten miles this side of Colorado.

Fire apparatus left here shortly after noon for Colorado after reports had been received that the town was ablaze. Other reports denied that the town was burning.

Wires between Sweetwater and Colorado are severely crippled.

## SHALLOW GRAVE YIELDS BODY

Cleveland Police Start Hunt for Man Who Kidnapped Victim.

Cleveland, O.—The body of Patrolman Dennis Griffin, kidnapped by a man he had arrested early last Friday morning and with whom he had started for a police station, was found Monday afternoon 300 feet from where remnants of his charred clothing were found between Geauga Lake and Bainbridge, 30 miles east of here.

Griffin had been shot twice through the head and once in the abdomen. Police say any one of the shots would have killed him.

His body was stripped of all clothing. He was found buried in a grave not more than two feet deep.

Police believe the kidnapper stripped the body before burying in the belief that it would decompose quicker in the damp earth if it was not protected by clothing.

The hunt for Whitfield is on throughout the nation.

Posters bearing his description have been sent to every police chief in the country, but no trace of him has been found.

## BOYS CONFESS TO MANY FIRES

Youthful Firebugs Boast of Having Good Times At Blazes.

Grand Rapids—The spirit of bragado, which caused them to express to playmates their responsibility for having caused a fire on the city wholesale market, led to the arrest of three youths who confessed to police they are responsible for recent fires here, which caused a loss of a half a million dollars.

In the police station, where they are being held, the boys are utterly at a loss to give any further explanation for their incendiarism than that they set the fires "just for fun."

To officers they related the details of the manner in which the fires were set and after being impressed with a seriousness of their offenses, one of them remarked "Well, we had a lot of fun."

## WHY THAT LAME BACK?

That morning lameness, those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Grayling resident's example.

Mrs. Peter F. Jorgensen, says: "My back ached all the time and it was hard for me to do my housework. When I did the least bit of work sharp pains darted through my back and I suffered a great deal with lame back. I was tired, nervous and all run down and worried so much I became depressed and irritable. I had dizzy headaches and black specks passed before my eyes. My kidneys were weak and irregular in action and I couldn't sleep well at night. I heard of Doan's Kidney Pills and purchased several boxes at Lewis' Drug Store and they cured me in a splendid way."
